

Ileana Tait

Ileana is from the Milton ward and is mum to twin boys

“Work Skills is a unique and very much needed project in Southend”

“Work Skills is a unique and very much needed project in Southend. It helps parents navigate the rocky road back into work after having children and being out of the workforce for, quite often, long periods of time. It offers parents of young children, like myself, vital guidance, support and even opportunities to gain a qualification.

Personally, I have found the CV writing session very helpful and I was able to gain a L2 Food Hygiene Certificate, at a time when I would not have been able to afford one otherwise. This proved very useful when applying for my current job in childcare.

The team running the project are very proactive, always seeking valuing and acting on the feedback from parents very well, bringing in new or adapting sessions. I think this is such an important part of the project and, without a doubt, the key to its success to date.”
