

## Work Skills Project - The Impact on Children

### Greater financial opportunities

“I’m expecting my financial situation and my children's futures to improve” – Lucy from Westborough Ward  
“It gives me a boost for my future as well as my family’s future” – Henna from Victoria ward

“Thank you for booking places for us. I know I’ve got a year or two more before I go back to work and I’m really looking forward for it but also I was concerned about missing out on children’s development and some of the activities of their daily lives so it was reassuring to know there are organisations like that who have flexible working hours.” – Ellen from Milton ward

### Greater work/life balance opportunities

“I have a much better job for work/life balance now” – Shree from Milton ward

## A chance for parents to pass knowledge, skills and confidence on to their children

“It was a great experience. It gave me more confidence with dealing with my child. Thank you very much.” – Agnieszka from Victoria ward

“I would like to thank the A Better Start Work Skills projects, they have made a massive impact to my life. I have learnt new skills which I’m able to teach my kids, made new friends and my confidence and self-esteem has improved. I appreciate the work they do and would recommend any parents to get on board” – Jodi from West Shoebury ward
